

# SUS304 / 316L Large Capacity Ultrasonic Cleaner For Industrial Auto Parts

### **Basic Information**

• Place of Origin: China Mainland

Brand Name: skymenCertification: CE

Model Number: JP-1216STMinimum Order Quantity: 1 unitPrice: Negotiation

Packaging Details:
 1pcs / wooden case packing

• Delivery Time: In Stock

Payment Terms: T/T, Western UnionSupply Ability: 300units /month

# **Product Specification**

• Tank Size: 1500\*1000\*1000 (LxWxH)

Ultrasonic Frequency: 28khz/40khzUltrasonic Max Power: 10800W

Heater: 20 To 80 AdjustOptional: Oil Filtration System

Timer: 1~99 Hours
 Heating Power: 36KW, Hot Plate
 Material: Stainless Steel

 Highlight: automotive ultrasonic cleaner, ultrasonic washing machine

### **Product Description**

#### SUS304 / 316L Large Capacity Ultrasonic Cleaner For Industrial Auto Parts

Ultrasonic Parts Cleaners & Degreasers dramatically lower the cost of your parts cleaning process with a higher degree of efficacy compared to traditional methods

Parts Cleaning with Tovatech's Ultrasonic Cleaners: Lower Cost, Higher Efficacy

Slash your cleaning labor and materials costs

Reduce your Work In Process time

Deep penetrating cleansing action, powerful yet gentle

Far superior to hand cleaning

Clean difficult to reach areas like small blind holes, joints, threads, cavities, and crevices

Thoroughly clean all hard surfaces: metal, plastic, glass

Use environmentally safe cleaning fluids

### Specification:

Illtroconia alconina machina .		
Ultrasonic cleaning machine :		
Model	JP-1216ST	
Ultrasonic Tank Dimension(mm)	1500*1000*1000	
Ovel all dimension(mm)	1750*1300*1500	
Max. Capacity	77L/tank	
Construction Case	SUS304 (Mirror shining image available)	
Construnction Tank	SUS304	
Transducer Number	216 pcs	
Ultrasonic power(Max.)	10800W	
Ultrasonic frequency	40kHz	
Temperature range	~99C adjustable	
Heating power	3KW	
Timer	1~99h	
Drain	3/4" Valve	
Lid & Basket	Available, material: SUS304	
Cleaning Tank voltage	AC220V/AC380V 3phase	
Generator Voltage	AC110V / 220V 1phase	
Features	For large indsutrial parts cleaning; Multi-direction castors with brake;	

#### JTS-1216ST Specifications:

Adjustable ultrasonic power
With digital timer and heater;easy to operate
SUS304/316L tank
Original BLT type transducer
Adaptable for continuous operation
Adjustable thermo controller
Adjustable ultrasonic power
With separate control ultrasonic electronic generator
Sweep mode control available
Digital timer control
Boost mode& oil skimmer upon client's requirement

#### How is ultrasonic cleaner work?

Cavitation, the collapse of millions of tiny bubbles created by ultrasonic vibrations, releases high energy and enormous cleaning power. This cleaning action gently and thoroughly removes dirt, oil, and contaminants from every surface in contact with the cleaning fluid. Because the liquid can penetrate into very small crevices, ultrasonic cleaning can clean intricate items that cannot be cleaned by hand.

Traditional parts cleaning or degreasing in the machine shop or the factory floor is a time consuming, labor intensive process that relies on a mixture of solvents, chemicals, and mechanical scrubbing action to remove dirt, grease, cutting and lubricating fluids, rust, salt deposits, polishing pastes, oil, loose burrs, and lapping abrasives from parts. These traditional cleaning methods have a dramatic impact on the overall cost of the maintenance, refurbishment, or manufacturing process.

Ultrasonic Cleaning is an elegant method to ensure your cleaning costs are brought down to manageable levels in these hyper-competitive, margin squeezed days. Ultrasonic cleaners work on the principle of agitating a suitable cleaning solution with high frequency ultrasonic waves that create thousands of tiny cavitation bubbles. These bubbles implode releasing a great deal of energy which in turn dislodges dirt and contaminants from any surface in contact with the liquid.

Ultrasonic works is also suitable for :

Ultrasonic Auto Parts Cleaner

Ultrasonic Surgical Instrument & Medical Cleaner

Ultrasonic Aircraft Parts (Aerospace) Cleaner

Ultrasonic Semiconductor Cleaner

Ultrasonic Jewelry Cleaner

Ultrasonic Solar Cleaner

Ultrasonic Hard Disk Drive Cleaner

Ultrasonic Industrial Cleaner

Ultrasonic Circuit Cleaner

Ultrasonic Ceramics Cleaner

Ultrasonic Lens & Eyeglass Cleaner

Ultrasonic Tungsten Carbide Cleaner

Ultrasonic Plastics Cleaner

Ultrasonic Oil & Gas Refinery Equipment Cleaner

Ultrasonic Gun & Case Cleaner

Ultrasonic Bike Cleaner

Ultrasonic Musical Instrument Cleaner

Ultrasonic Dental Cleaner

Ultrasonic Coin Cleaner

Glass ware

Chemical dust,

#### **Package**

Packing , loading, delivery time	
Packing unit	1set / wooden case
Packing method	Export wooden case
Loading port	Shenzhen / Hongkong
Delivery time	About 20 working days
Minimum Order Quantity	1set
Transport method	By express company / air / sea

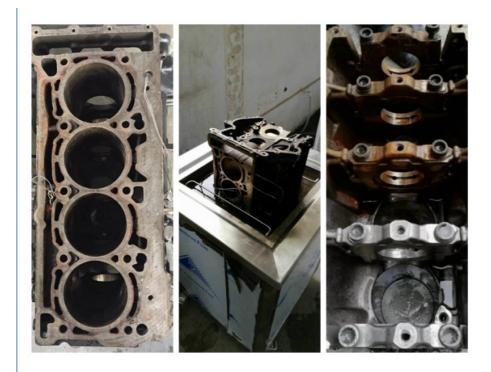

Detailes
