## Product Description

### 2L Ultrasonic Cleaning Machine 40KHz Baby Milk Bottle with 100W Heater

#### Advantages of ultrasonic cleaners:

1. Convenient and time saving, saving manpower and saving time.
2. The ultrasonic cleaning machine is designed with multiple safety devices, electric drive, no gas generation, and is environmentally friendly. With advanced technology and an experienced design team, the ultrasonic cleaner is able to clean a variety of printheads. Quality assurance CE and ISO9001.
3. With our own design and technology, our machines are designed to be highly efficient and clean, without damaging the cleaning components and for precise items.
4. We have our own independent technology research and development team as well as experienced design teams and skilled workers. We are able to offer the highest quality machines at the factory price.
